
About Us

Let's Host Smarter "

Gesty is a premium lifestyle platform that transforms casual coffee or dining invitations into curated, prepaid experiences. By removing social clutter, it focuses on a minimalist flow where users discover elite venues and send tangible, "paid-forward" invitations that act as high-end digital gifts.

Problem & Solution

Problem

Traditional dining invitations often lack commitment and a premium feel, leaving guests to handle payment logistics or navigate casual, non-binding "let's grab coffee" plans.

Solution

Gesty provides a curated lifestyle platform where users can send prepaid, high-end invitations to specific venues, transforming a casual suggestion into a confirmed, seamless, and hospitality-driven gift.

Typography & Color

Hi, it's Gesty!

'Invite. Gift. Dine together'
